Program Information:

Program Description as Provided by The Saturday School of Excellence: The Saturday School of Excellence(SSE) provide instruction in reading/language arts and mathematics during 9-week, five hour bi-weekly Saturday sessions. We supplement, reinforce and support academic instruction provided in the classroom. We service grades kindergarten through eighth via direct and differentiated instruction and interactive learning. The SSE's curriculum is aligned with state Grade Level Content Expectations (GLCE), district adoptions and schools' instructional programs. Highly-qualified, certified teachers use an array of assessments to focus instruction on each child's specific needs. We work with parents and the classroom teacher to set goals that lead to higher performance. Each child's confidence increases as skills are mastered and strategies developed that help them become successful learners. The SSE utilizes effective and research-based curriculum (SRA's Open Court Intervention and Breaking the Code, Project Read and Foresman/Wesley Math Reteach). Incentives are given for good attendance and citizenship.

The program description was created by the provider and has not been edited by the Michigan Department of Education.

Summary Consumer Satisfaction and Academic Achievement Information:

Consumer Satisfaction

Type of Rater	Number* of People Completing a Survey	Satisfaction Rating	This Provider's Rating	Statewide Average
Parents	10	Percent of parents who were satisfied with this tutor	100%	81%
	10	Average overall letter grade from parents	A	B+
Teachers	22	Constructed letter grade from teachers for effects on classroom performance	A	C
	22	Percent of teachers who agreed this tutor positively impacted students' learning	73%	34%

*For many tutors, the number of surveys completed is very low. Readers should consider the number of responses when drawing conclusions about any provider.

Academic Achievement: There are limited or no data available on the basis of which to assess this provider's impact on academic achievement.

How the Statistics Were Calculated:

Consumer satisfaction data is from a mail survey of parents and an online survey of teachers concerning students receiving supplemental education services in the 2008-2009 school year.

- Parent satisfaction statistics are based on responses to the question, "Overall, are you satisfied with this tutor?" Parents could respond "yes," "no," or "not sure."
- Parent letter grades are based on averaged responses to the question, "What overall grade would you give your child's tutor?" with response options of "A - Excellent," "B - Good," "C - Average," "D - Poor," or "E - Failing."

- The teacher letter grade for effects on classroom performance is from responses to seven questions about students' classroom performance. An average across all items (excluding items with no response) was calculated for each provider and the top 20% of scores were coded as "A," the next 20% were coded as "B," and so on through "E."
- The rating of teachers' perceptions of provider impact on student learning is based on responses to the agree-disagree question, "This tutor is positively impacting this student's learning." Responses of "agree" or "strongly agree" are considered.

The overall grade is a weighted average of the consumer satisfaction and academic achievement data. Additional information is available upon request from the Michigan Department of Education.
