Program Information:

Program Description as Provided by Intelligent Minds Tutoring: Intelligent Minds Tutoring will provide tutoring services in language arts and mathematics using direct instruction and computer based learning to improve students' scores on the MEAP test. The Summer Success Program will be used for the direct instruction in math and reading. Study Island a computer based learning system will be used to reinforce the skills taught in the tutoring sessions. Students will be able to use the Study Island program on their home computers through the Internet. Each student will be assessed to create an individualized learning plan for tutoring. There will be 12 tutoring sessions lasting for 3 hours each. The student teacher ratio will be 1-5 during direct instruction and 1-8 during the computer sessions. All direct instruction will be given by certified teachers. The Summer Success Program and Study Island are research based programs shown to have a positive impact on academic achievement.

The program description was created by the provider and has not been edited by the Michigan Department of Education.
