### Program Information:

**Program Description as Provided by The Neighborhood Learning Place:** The Neighborhood Learning Place offers eligible K-8 students support in language arts, reading, and mathematics. Services are provided online in the comfort and safety of the students' homes with a loaned, pre-programmed computer, CompassLearning Odyssey® software, and dial-up Internet service at no cost. Tutors assess students to determine the curriculum, learning objectives, and instructional level activities. Students are encouraged to complete two one-hour sessions a week. Students' progress is monitored online, followed by telephone calls and traditional mail to the students to enhance communication, weekly calls and monthly reports to the parents, and monthly reports to the district. We work with schools and teachers to make sure the students' efforts in the program are helping them succeed in the classroom as well. Tutors meet or exceed the qualifications for paraprofessionals to comply with NCLB legislation; 66% have two years experience, at a minimum, tutoring SES students in the program.

*The program description was created by the provider and has not been edited by the Michigan Department of Education.*
