**Program Information:**

**Program Description as Provided by CKL:** Cool Kids Learn is a non-profit organization, providing children with the academic skills and the love of learning they need to succeed in school and life. Personalized tutoring is in small groups (up to 5 students/ tutor) in Reading/Language Arts and Math for K-12th grades, at schools and other community locations. Each student has an individual Learning Plan, working on weak areas. Tutoring is normally twice a week for 90 minutes, after school or on weekends. Parents are consulted before and during the program on needs and progress, in meetings and written reports. Pre-testing helps to find out what is needed academically as well as each student's particular learning style. Tutors are certified teachers, paraprofessionals or educators who have worked with school-age children. CKL currently tutors in 10 states. Over the past five years, 95% of our students have improved their performance, some with gains of up to 40%.

*The program description was created by the provider and has not been edited by the Michigan Department of Education.*
