Program Information:

Program Description as Provided by Know 2 Grow Learning LLC: Know 2 Grow Learning, LLC (Know 2 Grow Learning) provides quality tutoring services to grades kindergarten through 8th grade in the areas of Language Arts/Reading and Math. Web-based instruction is provided in a ratio of 1 tutor per 8 students for 2 hours per day, twice a week. Each student is given an assessment at the beginning of tutoring services to analyze areas in need of improvement. The student is then engaged in research-based instruction and assessment using the SkillsTutor online curriculum to improve in the needed areas. The SkillsTutor curriculum is aligned to the Michigan Grade Level Content Expectations in Language Arts/Reading and Math and the tutors at Know 2 Grow Learning are trained to help students, along with the support of teachers and parents, reach their academic goals while gaining self-confidence in an encouraging environment.

The program description was created by the provider and has not been edited by the Michigan Department of Education.

| | ■ Classroom: 1 teacher per 5 students |
| | ■ Computer-based: 1 teacher per 8 students |
| | ■ Online instruction: 1 teacher per 25 students |

2010-2011 Service Areas:

Detroit City School District

Summary Consumer Satisfaction and Academic Achievement Information:

| Consumer Satisfaction | | | | |
|-----------------------|---------------------------------------|--|------------------------|-------------------|
| Type of Rater | Number* of People Completing a Survey | Satisfaction Rating | This Provider's Rating | Statewide Average |
| Parents | 5 | Percent of parents who were satisfied with this tutor | 60% | 80% |
| | 5 | Average overall letter grade from parents | B- | B+ |
| Teachers | 5 | Constructed letter grade from teachers for effects on classroom performance | A | C |
| | 5 | Percent of teachers who agreed this tutor positively impacted students' learning | 80% | 30% |

*For many tutors, the number of surveys completed is very low. Readers should consider the number of responses when drawing conclusions about any provider.

Academic Achievement: There are limited or no data available on the basis of which to assess this provider's impact on academic achievement.

How the Statistics Were Calculated:

Consumer satisfaction data is from a mail survey of parents and an online survey of teachers concerning students receiving supplemental education services in the 2009-2010 school year.

- Parent satisfaction statistics are based on responses to the question, "Overall, are you satisfied with this tutor?" Parents could respond "yes," "no," or "not sure."
- Parent letter grades are based on averaged responses to the question, "What overall grade would you give your child's tutor?" with response options of "A - Excellent," "B - Good," "C - Average," "D - Poor," or "E - Failing."

- The teacher letter grade for effects on classroom performance is from responses to seven questions about students' classroom performance. An average across all items (excluding items with no response) was calculated for each provider and the top 20% of scores were coded as "A," the next 20% were coded as "B," and so on through "E."
- The rating of teachers' perceptions of provider impact on student learning is based on responses to the agree-disagree question, "This tutor is positively impacting this student's learning." Responses of "agree" or "strongly agree" are considered.

The overall grade is a weighted average of the consumer satisfaction and academic achievement data. Additional information is available upon request from the Michigan Department of Education.
