Each student is simultaneously and independently observed and scored by two people: a Primary Assessment Administrator (PAA) and a Shadow Assessment Administrator (SAA). The PAA is a certified professional staff member (such as a teacher, school psychologist, related service provider, or teacher consultant) who is familiar with the student. The SAA may be either a certified professional staff member (as just described) or some other school personnel (such as a paraprofessional) who is familiar with the student. The PAA administers the assessment and makes all decisions regarding when to provide assistance to a student and what type of assistance to provide.

As shown in the scoring rubric below, a student may receive a score point (1 or 2) or a condition code (A, B, or C). The PAA and SAA scores are added together to calculate earned points for each item. Condition codes, multiple marks (M), and omitted scores (blank) count as zero when calculating earned points.
