

Proposed Michigan Science and Social Studies Standards Webinars

The Michigan Department of Education is currently gathering feedback on both the standards and considerations for how these standards will be implemented at the local, regional, and state level. These webinars will feature presentations on

the proposed science and social studies standards and provide opportunities for participants to ask questions and provide comments regarding the proposed standards and their implementation if adopted.

More information on the proposed standards can be found at:

www.michigan.gov/science and
