

**Spring 2010  
Michigan Merit Examination  
Contributing Components**

The table below identifies the components of the Michigan Merit Examination (MME) that a student must take to get a valid score for each of the MME subject areas. For example, if the student and school want to get a mathematics score, the student must take the ACT mathematics assessment, the WorkKeys Applied Mathematics and Locating Information assessments, AND the Michigan Mathematics assessment. The most valid scores are obtained by students who do their best on all assessment components.

Not participating in any single session will make it impossible to obtain a valid score for one or more subjects of the MME. This not only affects the student's ACT, WorkKeys, and MME scores, but it also negatively affects the student's eligibility for the Michigan Promise scholarship, the school/district AYP 95% participation and performance, and the EdYES! accountability scores. All students should be encouraged to participate in all sessions and to do their best on all items.

			<b>Components Contributing to MME Subject Scores*</b>				
<b>Day</b>	<b>Test</b>	<b>Component</b>	<b>Reading</b>	<b>Writing</b>	<b>Mathematics</b>	<b>Science</b>	<b>Social Studies</b>
<b>Day 1</b>	<b>ACT Plus Writing</b>	English		Select items			
		Mathematics			Select items		
		Reading	Select items				
		Science				Select items	
		Writing		ALL			
<b>Day 2</b>	<b>WorkKeys</b>	Reading for Information	Select items				
		Applied Mathematics			Select items		
		Locating Information			Select items		Select items
<b>Day 3</b>	<b>Michigan Mathematics, Science, and Social Studies</b>	Mathematics			ALL		
		Science				ALL	
		Social Studies					ALL

\* Each component marked with "Select items" or "ALL" is required to obtain an MME score in the applicable subject.
