

This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).

The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.

How Sylvan Learning of Jackson Explains Their Tutoring Program, in Their Own Words:

The MDE has not edited this description.

Sylvan Learning Center seeks to partner with area school districts to help students that have been identified by the State of Michigan to develop essential reading and mathematical skills. Sylvan Learning will assess the needs of each student through an assessment to determine specific academic strengths and weaknesses. Each participant will have an individual learning plan designed around specific needs identified through the assessment. This program will be taught in the traditional Sylvan method, with each student's progress based on skill mastery determined by scores earned through daily work. Instructional materials are provided for the student based on each individual lesson plan. At the completion of each 36 hours of instruction, students participating in either Reading or Math programs will be given a progress assessment to determine overall growth. Each session will range from 1 – 4 hours and 2 – 5 visits per week.
