**SUBJECT:** Technology Readiness Infrastructure Grant State Survey Results

On June 1, 2016, the Michigan Association of Intermediate School Administrators' Technology Readiness Infrastructure Grant (TRIG) Operations Office released the 2016 TRIG State Survey Report. This report was developed from the responses received from all TRIG participating districts.

As a participating district in the TRIG for the 2015-2016 year, ISDs, LEAs, and PSAs agreed to four requirements for grant participation. Requirement three states that, "*The district agrees to participate in any surveys or data collection processes sent out by the MDE or the TRIG Operations Office to inform the work of the various activities (maximum of three total per fiscal year)*". Earlier this spring the TRIG Operations Office, along with the support of the five TRIG consortia, sent out a survey related to the various activities being undertaken to complete the goals of the TRIG grant. The responses provided by the districts will be used by the Michigan Department of Education, TRIG Activity leadership, and other educational stakeholders to make critical decisions related to moving Michigan's school districts from test-ready to tech-ready.

The results of the survey are being made available to all Michigan districts. A full report of the summary data can be found at [http://22itrig.org/downloads/documents\\_and\\_resources/2016\\_trig\\_state\\_survey\\_data\\_5\\_26\\_2016\\_sf\\_2\\_2.pdf](http://22itrig.org/downloads/documents_and_resources/2016_trig_state_survey_data_5_26_2016_sf_2_2.pdf). Any questions related to the survey or the results should be directed to Dave Cairy at [dcairy@gomasa.org](mailto:dcairy@gomasa.org).
