Coordinated Review Effort (CRE) Webcasts

To help reduce errors that are commonly found during Coordinated Review Effort (CRE) administrative reviews, CRE-related webcasts have been developed. Their purpose is to allow learners to obtain knowledge needed to manage a successful program, decrease administrative errors, and prepare the School Food Authority (SFA) staff for State Agency (SA) conducted CRE administrative reviews. Additionally, the learner will see best practices used in operating the National School Lunch Program (NSLP), which will be highlighted in the virtual CRE experience webcast titled *Overview of a Coordinated Review Effort (CRE)*. Each individual webcast provides in-depth coverage of the subject matter shown in the virtual CRE experience webcast.

All 18 webcasts can be viewed from the following URL:
