

This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).

The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.

How The Learning Center, LLC Explains Their Tutoring Program, in Their Own Words:

The MDE has not edited this description.

The Learning Center uses creative, hands-on learning activities to teach reading and math to students in Kindergarten through 12th grade. Our highly qualified teachers use imaginative ways to keep students motivated and always looking forward to the next session. We believe that in providing the proper environment every child will experience success. Our groups are small and meet often so that lesson time is meaningful and effective. We design an Individual Learning Plan for each student which focuses on learning needs appropriate for him/her using testing assessments as well as parent-teacher-student input. Our program will increase student confidence as skills are mastered and strategies develop which aid them in becoming successful learners. Parents will notice student improvement right away through detailed bi-weekly progress reports. So, join us at THE LEARNING CENTER where we are Sharpening Minds One At A Time! (Minimum of 15 students per site)
