

Unique Identification Code Request

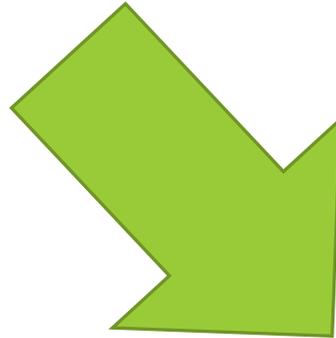

CENTER FOR EDUCATIONAL
PERFORMANCE AND INFORMATION

UIC

Unique Identification Code

- A unique ten digit code assigned to each student enrolled in Michigan schools
- Provides a student with an exclusive, single identifier for their entire education in Michigan
- Improves the Privacy and Security of a student's data

Tommy Tutone

1018675309

Students are identified by their UIC number rather than their name or social security number, keeping their identity secure.

UIC Request Collection

UIC's are generated, assigned, and resolved in the Request for UIC Collection in the Michigan Student Database System (MSDS)

How to Request UICs

Method One: Online Entry
Using MSDS

Michigan Student Data System

[Authorized User Login](#)

Remove 2014-15 Early Roster Data from MSDS

The Student Data System is a repository that contains information regarding students receiving education in the State of Michigan.

For the 2015-16 Early Roster Collection, CEPI will remove all 2014-15 Early Roster records from the Staging Area on Monday, May 4, 2015. If you have any Early Roster data or reports you wish to keep, be sure to download and save your information by May 3. Once the data have been removed, users will no longer have access to Early Roster records or reports for the 2014-15 school year and it will not be possible for CEPI to re-create your data submission based on the data stored in our system. This will be the final chance you will have to retain these files. The 2015-16 Early Roster Collection will be available for users starting Wednesday, May 6, 2015. Districts may choose to report their expected student roster for fall 2015 beginning at that time.

MSDS Server Maintenance - April 25 and 26

The MSDS will be offline for routine system maintenance between Saturday, April 25 at 9:00 p.m. and Sunday, April 26 at 9:00 a.m.

Search By UIC

Search By Core Fields

Last Name: Begins Contains

Last Name Suffix:

First Name: Begins Contains

Middle Name:

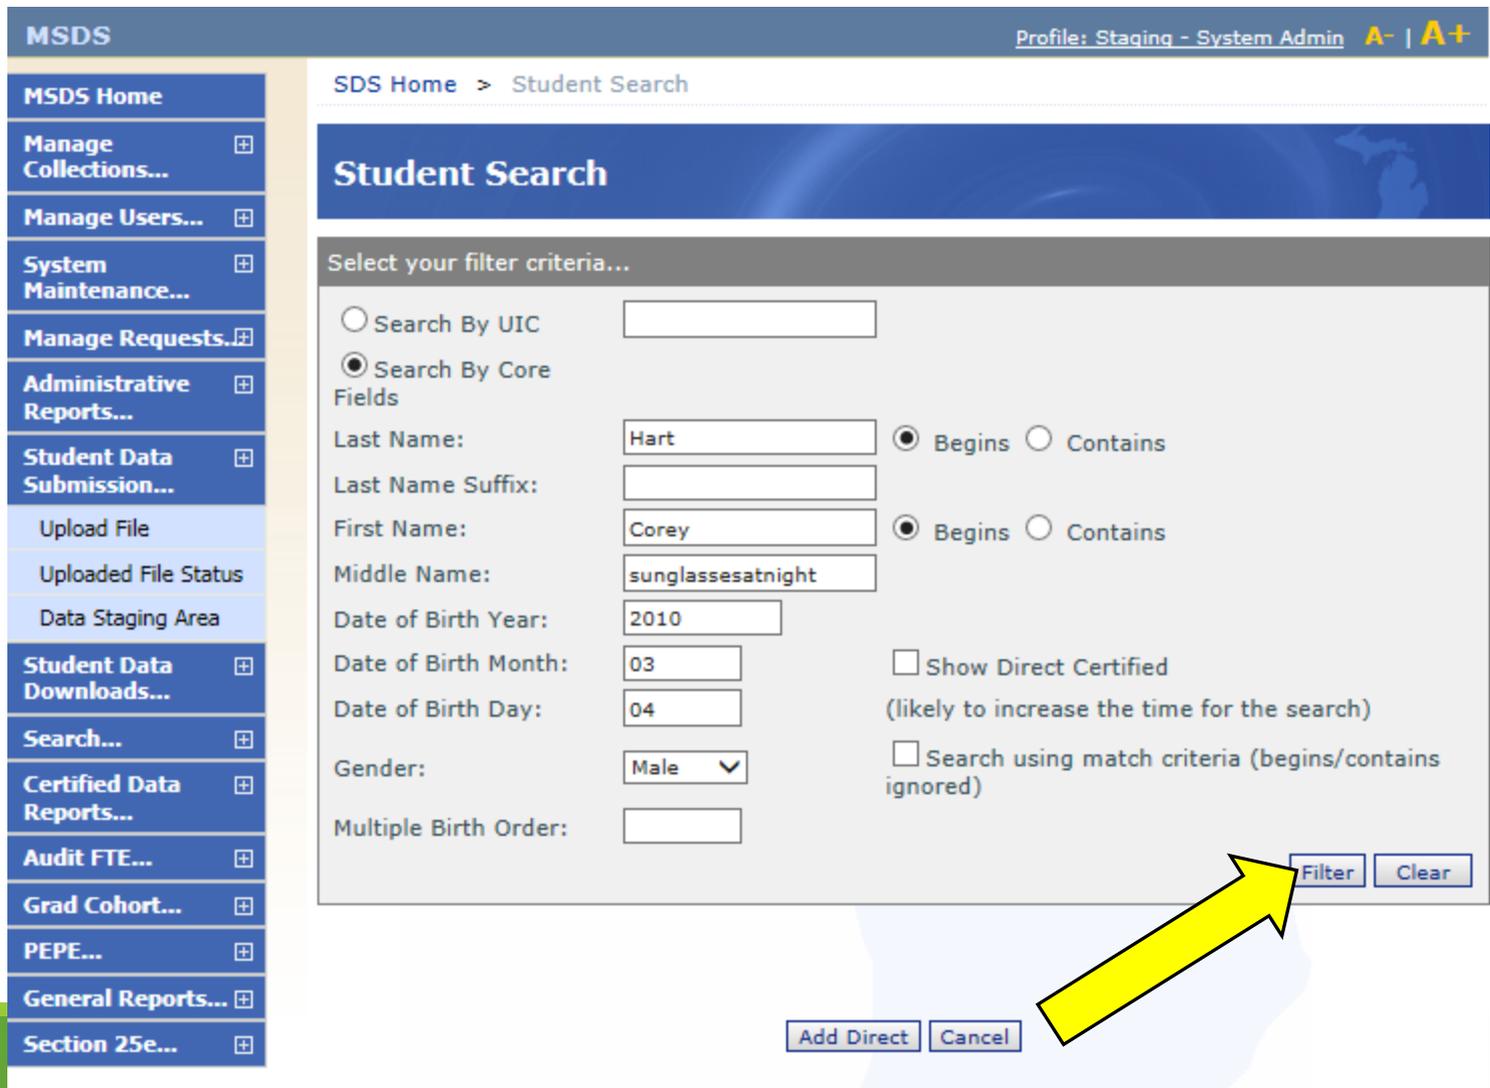

Date of Birth Year:

Date of Birth Month: Show Direct Certified
(likely to increase the time for the search)

Date of Birth Day: Search using match criteria (begins/contains ignored)

Gender:

Multiple Birth Order:

Step 8:
Input the Information about the student.
The more information, the better. Click
"Filter."

The screenshot shows a web application interface for 'Student Search'. At the top, there is a header bar with the title 'Student Search' and a 'Filter...' button. Below the header, a text box displays the search criteria: 'Filtered on Last Name(Hart%), First Name(Corey%), Birth Year(2010), Birth Month(03), Birth Day(04), Gender(M)'. In the center of the page, there are two buttons: 'Add Direct' and 'Cancel'. A dialog box titled 'Student Record Updates' is overlaid on the right side of the page. The dialog box contains the text 'No results were returned for this student.' and two buttons: 'Add This Student' and 'Cancel'. A large yellow arrow points from the bottom left towards the 'Add This Student' button in the dialog box.

Step 8a:
If there is no match in MSDS, click
"Add This Student"

Student Search

 Your search yielded 1 result(s).
