

This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).

The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.

How Washtenaw Intermediate School District Explains Their Tutoring Program, in Their Own Words:

The MDE has not edited this description.

The WISD will implement after school SES sessions during the school year in mathematics and reading. Student classrooms are grouped by either math OR reading and by grade OR grade range (1-3, 4-5). Each classroom will deliver personalized learning through differentiated instruction and have a maximum of 10 students (minimum 8 students). Students meet one hour after school, three days a week. Based on students' assessment data, a personalized plan with bi-weekly goals will be established for each child. The learning objectives will be aligned with the student learning plan which is co-constructed with parents and district representatives. Instruction will be delivered through individualized and small group instruction. Reading instruction will focus on phonemic awareness, phonics, reading fluency, and comprehension. Mathematics instruction will focus on computation, problem solving, and reasoning. Both content areas will be aligned with the local curriculum, state standards/benchmarks and GLCEs.

About This State-Approved Program:

Subject Areas: English, Mathematics

Grades Served: 1-5

Estimated Hours of Tutoring Per Student: 75

Number of Students to Be Served: 8 - 10

Student-Teacher Ratios:
