

Angela Moore, School Improvement Coach

Angela Moore is an experienced, successful administrator who has led her district from Phase IV in the Adequate Yearly Progress to 4 consecutive years of Phase zero. Beginning the School Improvement Planning process with leading the staff through the change theory and onward to adoption and implementation of research-based reform models, Angela, has a compassion and commitment to managing the education of children with sincerity.

A 12 year veteran as the Assistant Executive Administrator of Commonwealth Community Development Academy has afforded Angela Moore numerous leadership opportunities, with responsibilities including: monitoring instructional implementation of curriculum components, and planning professional development sessions relative to the professional growth of each individual staff member, while targeting the School Improvement goals of the district. She has also served as the Title I Director, Testing Coordinator and the Math and Writing Coach. Angela coaches her staff to take ownership of their instructional outcomes by completing their own data analysis and using that information to chart their next steps, and includes the goals and data in their Annual Education Report.
