## **21 Measurement Criteria for Michigan School Libraries For 21<sup>st</sup> Century Schools**

### **Categories for School Library Program Evaluation**

#### **Teaching for 21<sup>st</sup> Century Learning Building the 21<sup>st</sup> Century Learning Environment Leading the Way to 21<sup>st</sup> Century Learning**

This tool is to be used to measure the quality of School Library programs within individual school buildings in Michigan.

To achieve Qualified and Exemplary Status for their School Library program, completed criteria measurement evaluations are to be submitted to the Library of Michigan, an Office of the Michigan Department of Education and the school building must be in compliance with state rules. School administrators are to evaluate their building's School Library program in conjunction with their School Librarian and submissions require the signature of their District Superintendent.

Status earned will be valid for **three** years.

This tool is a companion to the *Michigan School Library Media Program Guidelines* approved by the Library of Michigan Board of Trustees in January 2007.

**Further information and links to applicable state rules at [www.michigan.gov/SL21](http://www.michigan.gov/SL21)**

**Endorsed by the Library of Michigan Board of Trustees on February 5, 2010**
