PURPOSE: The Michigan Department of Health and Human Services (MDHHS) WIC Division's objective for food authorization is to manage the program in a cost-effective manner while concurrently maximizing the nutritional value of the WIC food package and providing a variety of choices for the WIC client. Foods (formulas) authorized for the WIC Program must:

- Meet federal and state criteria for an approvable food for the WIC Program. (WIC Federal Regulations: 7CFR Part 246.10)
- Have marketing strategies congruent with WIC goals.
- Be compatible with current dietary recommendations for maternal, infant and child health.
- Lack packaging confusion with non-approved products.
- Have a retail cost that is competitive with similar WIC-approved products.
- Be commonly used by WIC clients.
- Be available from WIC vendors throughout the state.
- Take into consideration feedback from stakeholders, such as clients, health care providers, staff, vendors, and food manufacturers, as well as availability, packaging, cost, product distribution, client acceptance, and administrative feasibility.

DEFINITION: WIC formula means standard infant formula, exempt infant formula or WIC-eligible nutritionals.

A. POLICY:

1. The MDHHS WIC Division is responsible for adding and removing foods from the authorized WIC food list.
   a. Local agencies shall not add food to, or remove foods from the authorized food list.
   b. WIC Program food authorization criteria will be reviewed on a routine basis and adjusted as necessary, based on nutrition factors, cost and other pertinent information.
   c. Local agencies shall be notified in writing of authorized food changes and their effective date.
   d. Local agencies and WIC vendors shall be notified in writing of foods which are determined ineligible at any time throughout the year.
   e. Requests for product review and authorization must be received by MDHHS WIC Division to be guaranteed consideration. When an inquiry is made on a product, a label or packaging material which clearly indicates the name of the manufacturer, address of manufacturer, type of food, ingredients, nutrient information, and size of container must be included. Information should be sent to MDHHS WIC Division:

   WIC Division, Nutrition Program and Evaluation Section
   Michigan Department Health and Human Services
   320 S. Walnut
   Lansing, Michigan 48913
As needed, the MDHHS WIC Division staff will contact the manufacturer to verify information on the label and obtain other relevant information such as, but not restricted to, documentation that certifies the actual content of nutrients/ingredients identified in WIC federal regulations, availability, alternative package size and cost. The MDHHS WIC Division will make available the authorized food list and food authorization criteria upon request.

2. Authorized WIC Foods

Authorized supplemental foods shall be prescribed according to the client's category and nutritional need(s). For information related to client food packages, refer to Policies 7.04 and 7.05.

The following is the authorized food list by food item:

**a. Formula**

1) It is a USDA requirement that the WIC Program encourage breastfeeding of infants. If an infant is fully formula fed or partially breastfed, the WIC Program will provide iron-fortified infant formula for the first year of life.

The Michigan WIC Program contracts with a formula company to provide a specific brand of iron fortified infant formulas. These formulas are identified as Class I formulas and include:

The Michigan WIC Program provides exempt infant formulas and WIC-eligible nutritionals for qualifying conditions. They are identified as Class II or Class III formulas.

Class II formulas include:

- Nutramigen, Nutramigen with Enflora LGG, Pregestimil, and Similac Alimentum.

For Class III formulas refer to the List of Authorized WIC Formulas found on the WIC website [www.michigan.gov/wic](http://www.michigan.gov/wic).

The Michigan WIC Program reserves the right to authorize and add to the Michigan WIC Formulary any USDA-approved Class III formulas that are indicated for our target population after evaluation and determination of medical necessity. The Michigan WIC Formulary may also be revised to reflect discontinuances of formulas, changes of manufacturer, size and name changes or any changes necessary to reflect the current formula market.
2) Iron-fortified infant formula must:
   a) Be designed for enteral digestion via an oral or tube feeding.
   b) Contain at least 10 milligrams of iron per liter of formula at standard dilution.
   c) Supply 67 calories per 100 milliliters (approximately 20 kilocalories per fluid ounce at manufacturer’s recommended dilution).
   d) Be a complete formula not requiring the addition of any ingredient other than water prior to being served in a liquid state.

3) WIC formulas which may not meet all of the criteria for iron-fortified infant formula are available to all WIC clients with qualifying conditions. (Refer to Policy 7.03)

4) Concentrate and powder formulas shall be provided whenever possible to contain cost. Powder formula must be in a 16 oz. or less, container.

5) Ready-to-feed (premix) formula can be selected under special conditions.
   a) Documented unsanitary or restricted water supply
   b) Poor refrigeration
   c) Infant’s caretaker having difficulty in correctly diluting powder or liquid concentrate formula
   d) Product manufactured in ready-to-feed form only

b. Infant Foods

1) Infant Cereal
   a) Any brand of dry infant cereal without added fruit, milk, infant formula or other non-cereal ingredients which contains a minimum of 45 milligrams of iron per 100 grams of dry cereal is authorized.
   b) The following grains of infant cereal are authorized: barley, rice, oatmeal, mixed grain, multigrain whole wheat and corn.
   c) Must be in an 8 oz. or 16 oz. box or container only.
   d) Note: No organic or DHA/ARA cereal allowed.
2) **Infant Fruits**

a) Any variety of single ingredient commercial infant fruit (e.g., applesauce) without added sugars, starches (i.e., rice flour) or salt (i.e., sodium).

b) Any variety mixed fruits and/or vegetables (e.g., apples and bananas, apples and sweet potatoes) without added sugars, starches (i.e., rice starch) or salt (i.e. sodium).

c) Mixtures with cereal or infant food desserts (e.g., peach cobbler) are not authorized.

d) Commercial infant fruits made by Beech-Nut Classics, Beech-Nut Naturals, Gerber, Meijer Baby, and Tippy Toes are authorized.

e) All infant fruits must be in a 4 ounce glass jar or 4 ounce two-pack plastic tubs. Multipacks are allowed.

f) Note: No organic, dinners, yogurt blends, squeeze pouches, added meat or DHA infant fruits allowed.

3) **Infant Vegetables**

a) Any variety of single ingredient commercial infant vegetables (e.g., sweet peas) without added sugars, starches (i.e., rice starch), or salt (i.e., sodium).

b) Any variety mixed vegetables and/or fruits (e.g., mixed vegetables, sweet potatoes and apples) are allowed without added sugars, starches (i.e., rice starch) or salt (i.e., sodium).

c) Commercial infant vegetables made by Beech-Nut Classics, Beech-Nut Naturals, Gerber, Meijer Baby, and Tippy Toes are authorized.

d) All infant vegetables must be in a 4 ounce glass jar or 4 ounce plastic tub. Multipacks are allowed.

e) Note: No organic, squeeze pouches, dinners, added meat or DHA infant vegetables allowed.

4) **Infant Meat**

a) Any variety of commercial infant meat or poultry, as a single major ingredient, with added broth or gravy.

b) Added sugars or salt (i.e., sodium) are not allowed.

c) No infant food combinations (e.g., meat and vegetables) or dinners (e.g., spaghetti and meatballs) allowed.
**MI-WIC POLICY**  

**Food Package**

- d) All infant meat must be in a 2.5 ounce glass jar. Multipacks are allowed.

- e) Note: No organic or DHA infant meat or poultry allowed.

- f) The following meats are authorized for infants:
  
  Beech-Nut Classics  
  Beef & Beef Broth, Chicken & Chicken Broth, Turkey & Turkey Broth

  Gerber  
  Beef & Beef Gravy, Chicken & Chicken Gravy, Ham & Ham Gravy,  
  Turkey & Turkey Gravy

  Meijer Baby  
  Chicken with Gravy, Turkey with Gravy

  Tippy Toes  
  Beef with Gravy, Chicken with Gravy, Turkey with Gravy

- **Breakfast Cereal**
  
  1) Breakfast cereals must be ready-to-eat, instant or regular hot cereals as defined by FDA.

  2) Must contain a minimum of 28 milligrams of iron per 100 grams of dry cereal.

  3) Must contain no more than 21.2 grams of sucrose and other sugars per 100 grams of dry cereal.

  4) Over half of the breakfast cereals authorized must have whole grain as the primary ingredient by weight.

  5) May contain nuts and fruit.

  6) Must be in an 11 oz. package or larger for instant or regular hot cereals.

  7) Must be in a 12 oz. package or larger for cold cereals.

  8) Note:  
     a) May not contain saccharin, aspartame or sucralose.  
     b) No organic cereal allowed.

  9) The following cereals are authorized for women and children:

d. Juice

1) Single strength, non-frozen concentrate or frozen concentrate unsweetened 100% fruit or vegetable juice.
2) Juice must contain a minimum of 30 milligrams of Vitamin C per 100 milliliters of single strength or reconstituted frozen juice. Added calcium is allowed, except when indicated as not allowed.
3) Must be in an 11.5 - 12 oz. frozen or 11.5 oz. non-frozen concentrate, 48 oz. or 64 oz. single strength plastic container.
4) Note:
   a) No glass jars or dairy case juices allowed.
   b) No juice cocktails or fruit drinks (e.g. Hawaiian Punch, Hi-C and V-8 Splash).
   c) No organic juice allowed.
   d) No added fiber.
5) Children are only allowed juices in 64 oz. single strength plastic containers.
6) Women are only allowed 11.5-12 oz. frozen, 11.5 oz. non-frozen concentrate or 48 oz. plastic container.
7) The following juices are authorized for children:
   - Single Strength 100% Juice in 64 oz. plastic container:
     - Campbell’s Tomato Juice (Regular, Low Sodium, Healthy Request)
     - Everfresh (Apple, Kiwi Strawberry, Orange)
     - Indian Summer (Apple Juice only)
     - Juicy Juice (Any flavor)
     - Old Orchard (Any flavor)
     - Welch’s Grape Juice (Grape, White Grape, and Red Grape; added calcium is not allowed)
     - Store Brand Fruit or Vegetable Juice (any flavor)
8) The following juices are authorized for women:
   - Single Strength 100% Juice in 48 oz. plastic container:
     - Juicy Juice (Any flavor)
     - Store Brand Juice (fruit or vegetable juice)
   - Concentrate 100% Juice in Frozen 11.5 oz. and 12 oz. containers:
     - Dole (Any flavor)
     - Grapefruit Juice (Any brand or variety)
     - Old Orchard (Any flavor with green peel strip)
     - Orange Juice (Any brand)
     - Welch’s (Any flavor with yellow peel strip)
   - Concentrate 100% Juice in Non-Frozen 11.5 oz. containers:
     - Welch’s (Any flavor with yellow band)
e. **Cheese**

1) Authorized domestic cheeses are Monterey Jack, Colby, Colby Jack (Cajack), natural Cheddar, Swiss, Muenster, part-skim or whole Mozzarella, Provolone, pasteurized processed American, or blends of any of these cheeses.

2) Weight, type and cost of cheese must be clearly marked on the package.

3) Cheese must be pre-packaged in 16 oz. (1 LB) package only.

4) Only sliced cheese allowed is American.

5) String cheese may be purchased.

6) Brand-specific low sodium, low fat and/or low cholesterol cheeses must meet the following four criteria:

   a) The product must be a real cheese.

   b) Only variations of the types of cheeses listed in the WIC federal regulations are allowed, i.e. Monterey Jack, Colby, Colby Jack (Cajack), natural Cheddar, Swiss, Muenster, part-skim or whole Mozzarella, Provolone, pasteurized processed American, or blends of any of these cheeses.

   c) Cheeses that are labeled, low, free, reduced, less or light in the nutrients of sodium, fat or cholesterol must be domestically produced.

   d) These modified cheeses must be comparable in nutritional value to their standard cheese counterparts.

7) **NOTE:**

   - No shredded, grated, cubed, crumbles, shapes or smoked cheeses.
   - No cheese foods, products, Velveeta, whips or spreads.
   - No "Cracker Backers" or “Stackers”
   - No variety wheels or variety packs.
   - No cheese with additional ingredients, such as pimentos, jalapeno peppers, caraway seeds, meat, etc.
   - No cheese curds or raw milk cheese.
   - No sliced cheese except American.
   - No individually wrapped cheese slices, sticks or strings
   - No soy cheese, Farmer cheese or goat cheese.
   - No imported cheese.
   - No organic allowed.
   - No fresh mozzarella.
f. **Eggs**

1) Grade A or AA, any brand. Medium or large, white only.

2) **NOTE:**
   - No brown eggs.
   - No free range eggs, cage free eggs, low cholesterol eggs, organic, pasteurized eggs, or Omega 3 eggs.
   - No Eggland's Best.
   - No Small, Extra Large or Jumbo eggs.

g. **Legumes**

1) **Mature Dry Beans or Peas**
   a) Any type of mature dry beans, peas, or lentils in a dry packaged form including, but not limited to: black beans (“turtle beans”), blackeye peas (cowpeas of the blackeye variety, “cowpeas”), garbanzo beans (chickpeas), great northern beans, kidney beans, lima beans (“butter beans”), navy beans, pinto beans, soybeans, split peas, and lentils.

b) Mixtures of beans and peas allowed.

c) **NOTE:**
   - No packages with seasoning packets
   - No Barzi
   - No organic beans or peas

2) **Mature Canned Beans or Peas**
   a) Any type of mature beans, peas, or lentils in a canned form including, but not limited to: black beans (“turtle beans”), blackeye peas (cowpeas of the blackeye variety, “cowpeas”), garbanzo beans (chickpeas), great northern beans, kidney beans, lima beans (“butter beans”), navy beans, pinto beans, soybeans, split peas, and lentils.

b) Specific brands will be indicated on the food card.

c) Low sodium and mixtures of beans and peas allowed.

d) Can sizes allowed include 15 to 16 oz.

e) The following brands are allowed:

   Always Save, Best Choice, Bush’s, Centrella, Hy-Top, Essential Everyday, Goya, Great Value, Halstead Acres, IGA, Joan of Arc, Kroger, La Preferida, Lucky, Meijer, Ortega, Our Family, Progresso, ShurFine, Spartan, ValuTime, Wylwood
f) NOTE:

- No organic canned beans or peas.
- No baked beans, chili beans, soups, or refried beans.
- No beans with added fats, oils or meat.
- No green beans, green/sweet peas, snap beans, yellow beans, and pork and beans.

3) Peanut Butter

a) Any type (e.g., smooth, creamy, crunchy, extra crunchy).

b) Only 16 - 18 oz. jar allowed.

c) NOTE:

- No peanut butter mixed with other food substances, (e.g., jelly, marshmallows, honey or other flavorings).
- No reduced fat peanut butter or peanut spread.
- No organic or DHA, or Omega 3 peanut butter.
- No specialty peanut butter e.g., Arrow Head Mills or Fifty50.

h. Milk

1) Whole milk shall be the standard milk authorized for children 12 thru 23 months of age.

- The CPA can determine the need for reduced fat (2%) milk for children aged 12 through 23 months who are not receiving a food package for qualifying conditions.

- The CPA determination is based on individual nutrition assessment, in consultation with the health care provider as needed, and when one of the following criteria is met and documented:

  a) Caregiver reports the health care provider recommends 2% milk
  b) Client overweight or obesity is a concern
  c) Family history is positive for obesity, dyslipidemia, or cardiovascular disease

- For a child aged 12-23 months on a food package for qualifying conditions, the determination for 2% milk must be made by the health care provider completing the Michigan WIC Special Formula/Food Request form. (Refer to Policy 7.03, Food Package for Qualifying Conditions.)
MI-WIC POLICY

2) Low fat (1% & ½%) and skim (fat free) milk shall be the standard milk authorized for women and children 2 through 4 years of age.

- The CPA can determine the need for reduced fat (2%) milk for women and children aged 2 through 4 years who are not receiving a food package for qualifying conditions.

- The CPA determination is based on individual nutrition assessment, in consultation with the health care provider as needed, and when one of the following criteria is met and documented:
  
  a) Client meets risk criteria for at-risk of underweight or high-risk underweight.
  b) Client meets risk criteria for pre-pregnancy underweight, postpartum underweight, low maternal weight gain or maternal weight loss during pregnancy.

- For a woman or child 2-4 years of age on a food package for qualifying conditions, the determination for 2% milk must be made by the health care provider completing the Michigan WIC Special Formula/Food Request form. (Refer to Policy 7.03, Food Package for Qualifying Conditions.)

3) Women and children 2 through 4 years of age may receive whole milk with a Class II or Class III formula package and medical documentation for a qualifying condition. (Refer to Policy 7.03, Food Package for Qualifying Conditions.)

4) All milk must contain 400 International Units of Vitamin D per fluid quart (.9 liter). Skim (fat free), low fat and reduced fat milks must also be fortified with 2000 International Units of Vitamin A per fluid quart (.9 liter).

5) Fluid milk must be quart size (32 ounces) or larger.

6) NOTE:

- No flavored milk (e.g., chocolate, strawberry).
- No glass bottles.
- No value-added milks, such as Kid’s Milk, Fairlife, Fit Milk, Over the Moon.
- No evaporated filled milk.
- No organic or unhomogenized milk.
- No Vitamite.
- No Guernsey Milk.
- No nut or grain milk (i.e., almond, rice).
- No UHT milk
7) The following milk is authorized for children 12 thru 23 months:

*Note: Policy criteria must be met and documented.

i. Yogurt

1) Yogurt is authorized for women and children ages 2 thru 4 years:

2) Yogurt may be purchased in 32 oz tubs, 4-oz 4-packs (16 oz total), or 4 oz 8-packs (32 oz total)

3) Must be pasteurized and conform to FDA standard of identity for low-fat (21 CFR 131.203) or nonfat (21 CFR 131.206); plain or flavored with ≤ 40 g of total...
sugars per 1 cup (8 oz) yogurt.

4) Only the following brands are authorized:

5) Note:

- No whole fat yogurt
- No yogurts sold with accompanying mix-in ingredients such as granola, candy pieces, honey, nuts and similar ingredients
- No drinkable yogurts
- No Greek
- No yogurt in bottles, tubes, or pouches
- No yogurt with artificial sweeteners (e.g. aspartame, sucralose or saccharine)
- No Activia

j. Soy Beverage

1) Must be fortified with the following minimum nutrient levels per 8 ounces in accordance with fortification guidelines issued by FDA:

276 mg calcium, 8 grams of protein, 500 IU vitamin A, 100 IU vitamin D, 24 mg magnesium, 222 mg phosphorus, 349 mg potassium, 0.44 mg riboflavin, and 1.1 mcg vitamin B12.

2) Must be in a 32 oz. or 64 oz. container.

3) Only the following soy beverages are allowed:

- 8th Continent Original 32 & 64 oz. (refrigerated)
- 8th Continent Vanilla 32 & 64 oz. (refrigerated)
- Pacific Natural Foods Ultra Soy Original 32 oz. (shelf stable)
- Pacific Natural Foods Ultra Soy Vanilla 32 oz. (shelf stable)
- Silk Original 32 & 64 oz. (refrigerated)

Note: Organic allowed.

4) The CPA can determine the need to substitute soy beverage for milk, for children who are not receiving a food package for qualifying conditions. The CPA determination must be based on individual nutrition assessment and in consultation with the health care provider as needed. Reasons for this determination must be documented and may include, but are not limited to, milk allergy, lactose intolerance, vegan diet and cultural practices that prevent clients from including cow’s milk in their diets. For a child on a food package for qualifying conditions, the determination
to substitute soy beverage for milk must be made by the health care provider completing the Michigan WIC Special Formula/Food Request form. (Refer to Policy 7.03, Food Package for Qualifying Conditions.)

**k. Canned Fish**

1) Any brand of canned chunk light tuna.

2) Pink Salmon – brand specific
   a) Bumble Bee Tuna Style
   b) Chicken of the Sea

3) Must be in a 5 oz. can.

4) May be in water or oil.

5) No albacore tuna, no low sodium tuna or salmon, no foil packages or pouches, no lunch packs, lunch kits, no chunk white tuna, no tuna with seasoning, no prime or smoked salmon fillets, no organic tuna or salmon.

**l. Fresh Fruits and Vegetables**

1) Any variety of fresh whole, cut, bagged or packaged fruit without added sugars.

2) Any variety of fresh whole, cut, bagged or packaged vegetables, without added sugars, fats, or oils.

3) Note:
   - No herbs or spices, edible blossoms and flowers (e.g., squash blossoms)
   - Broccoli, cauliflower and artichokes are allowed
   - No fruit-nut mixtures
   - No fruits and vegetables for purchase on salad bars
   - No peanuts
   - No ornamental and decorative fruits and vegetables such as chili peppers on a string, garlic on a string, gourds, or painted pumpkins
   - No fruit baskets
   - No pre-cut fruits and vegetables with added preservatives (e.g., ascorbic acid)
   - No fruit or vegetable party trays/platters
   - No salad kits with dressing or other added food items
   - Mature legumes (dry beans and peas) and juices are not authorized under the fresh fruit and vegetable category

**m. Whole Grains**

1) Whole wheat bread (including whole wheat buns and rolls) must conform to FDA standard of identity (21 CFR 136.180).
2) Whole wheat flour and/or bromated whole wheat flour must be the only flour ingredients in all whole wheat bread products.

3) Whole grain bread must meet labeling requirements for making a health claim as a “whole grain food with moderate fat content.”

4) Whole grain must be the primary ingredient by weight in all whole grain bread products.

5) Soft corn tortillas made from ground masa flour (corn flour) using traditional processing methods are WIC eligible, e.g., whole corn, corn (masa), whole ground corn, corn masa flour, masa harina, and white corn flour.

6) Whole wheat flour must be the only flour in authorized whole wheat tortillas.

7) All whole wheat and whole grain breads, whole wheat and whole grain pastas, and soft corn and whole wheat tortillas must be in a 1 LB. (16 oz.) package.

8) Whole wheat macaroni (pasta) products must conform to FDA standard of identity (21 CFR 139.138) and have no added sugars, fats, oils, or salt (i.e. sodium). “Whole wheat flour” or “whole durum wheat flour” must be the only flours listed in the ingredient list. Other shapes and sizes that otherwise meet the FDA standard of identity for whole wheat macaroni (pasta) products (139.138), and have no added sugars, fats, oils, or salt (i.e. sodium) are also authorized (e.g. whole wheat rotini and whole wheat penne).

   • Note: No pasta made from rice, quinoa, flax, corn or vegetables. Organic pasta is allowed.

9) Brown rice must be in a 14-16 oz. or 28-32 oz. bag/box.

10) Plain, dry brown rice without added herbs, seasonings or beans are allowed.

11) Oatmeal must be in a 16 oz. container.

12) Note:

   • No organic whole wheat bread/whole grain bread or soft corn and whole wheat tortillas, brown rice, or oatmeal are allowed
   • No white rice, frozen brown rice, flavored rice, wild rice, rice mixes are allowed
   • No bulk, tubs, microwavable pouches of brown rice are allowed
   • No specialty brands of brown rice (e.g., Lundberg) are allowed
   • May not contain saccharin, aspartame, sucralose or DHA

13) The following brands of whole wheat/whole grain breads, soft corn and whole
wheat tortillas and oatmeal are authorized for children and women:

3. Notifying Clients about Authorized WIC Foods

a. Local agency staff shall assure that all clients have a current Michigan WIC Food Guide at initial certification and at subsequent appointments, if needed.

b. Local agencies shall provide a current Infant Formula insert, which displays the authorized Class I infant formulas.

c. In support of breastfeeding, this insert should be provided to families with:

- IFF and IBP clients

d. Local agencies shall inform clients of the foods that may be purchased with the Michigan WIC Bridge Card. (Policy 8.06 Client Education on Using the Michigan WIC Bridge Card.)
e. Local agencies should notify clients of changes to the authorized food list as soon as notice is received that a food has been removed from or added.

B. GUIDANCE:

1. The Michigan WIC Food Guides provide the current authorized foods and are available in English (DCH-0237), Arabic (DCH-0237ar) and Spanish (DCH-0237s) from the MDHHS WIC Division. Follow regular ordering procedures to obtain copies of the Food Guides.

2. The Infant Formula insert (English, Arabic, and Spanish included) is available (DCH-0229).

3. Medical documentation is not required when infant cereal is substituted for breakfast cereal.
