**Emergency Medical Services Personnel Continuing Education Record
(Effective for those whose license expires 1/31/18 and later)**

Authority: Public Act 368 of 1978, as amended

Type or Print Only

Name:	
Street Address:	Email address:
City, State, Zip Code:	License Expiration:
License Level:	License Number:

This continuing education record form is not your renewal application. You must keep your address, email address, and contact information current by logging in to your licensing account on the Michigan eLicensing portal: <https://www.mi-emsis.org/licensure/>. You will be notified by email approximately 60 days prior to your expiration date that it is time to renew.

Continuing Education Requirements: During the three-year period of your licensure, you must either accrue continuing education credits, or complete a refresher course equivalent to your level of licensure in order to qualify for license renewal. In addition, on audit, you must submit a copy of your CPR card meeting basic life support standards set forth by the American Heart Association. **A valid CPR card must be for a Medical Professional and issued by the American Heart Association, the American Red Cross, ASHI, AAOS/ESCI, or ProCPR Blended. No fully on-line CPR cards will be accepted.**

THIS DOCUMENT AND APPROVED ATTACHMENTS VERIFYING CONTINUING EDUCATION ACTIVITIES MAY BE REQUESTED BY THE DEPARTMENT FOR AUDIT PURPOSES. You are required to maintain copies of all records for a period of one year after the expiration date of your license. ***Failure to provide such documentation, if requested, creates a rebuttable presumption that the licensee has made a false and fraudulent statement in applying for a license to practice emergency medical services and could result in licensing action.*** For your convenience, your documents may be uploaded to your licensing account on the Michigan eLicensing portal for safekeeping in case of an audit.

Credit Requirements: See below (*Note the special considerations category, requiring specific proof of education).

MFR:	15 CE Credits	EMT:	30 CE Credits
Specialist/AEMT:	36 CE Credits	Paramedic:	45 CE Credits

See page 2 for Credit breakdown

Emergency Medical Services Personnel Continuing Education Record

Authority: Public Act 368 of 1978, as amended

Continuing Education Credit Chart-Required Minimums per Category

CE Requirement Chart	MFR (15 Total)	EMT (30 Total)	AEMT (36 Total)	Paramedic (45 Total)
Preparatory	1	2	2	2
Airway Ventilation	1	2	2	2
Patient Assessment	1	2	2	2
Medical	1	2	2	2
BLS for Healthcare Provider	2	2	2	2
Trauma	1	2	2	2
Special Considerations				
Pediatrics Medication Administration- Practical			1	1
Pediatrics Airway	1	1	1	1
Pediatrics Assessment	1	1	1	1
Pediatrics Medical	1	1	1	1
Pediatrics Trauma	1	1	1	1
Operations		1	1	1
Emergency Preparedness	1	1	1	1
<i>Individual Choice</i>	3	12	17	26
Total	15	30	36	45

***Special Considerations category:** All levels must have specific Pediatric CEs, as identified in the above chart. Other Special Consideration credits may include Geriatrics, Special Needs, or Assessment Based Patient Management.

***Operations category:** All levels must have a minimum of 1 Emergency Preparedness credit.

***Individual choice:** After the minimum credits are obtained in each category, the remainder of credits may be in any of the listed categories the provider chooses.

Additional Credit Options:

- Approved on-line CE vendors:
http://www.michigan.gov/documents/mdhhs/Online_Vendor_updated_0117_549679_7.pdf
 or any CAPCE approved CE, provided they are listed in the Michigan required categories.
- Many completion certificates (ACLS, PALS, PHTLS) are pre-approved for credits. You may find the breakdown in the standardized guidebook at http://www.michigan.gov/mdhhs/0,5885,7-339-73970_5093_28508_76842-405309--,00.html

- Documentation of clinical activities by your employer or MCA will allow one Preparatory credit for every successful ten (10) patient IV starts and one Airway credit for every ten (10) successful patient ET intubations, or supraglottic airway insertions. Combination of airways are accepted. There is a maximum of 2 credits per category for these specialized CEs.
- MFR's completing an EMT course may be awarded all the required continuing education credits for the MFR level. EMT and Specialist/AEMT completing a Paramedic course may be awarded all the required continuing education credits for either the EMT or Specialist/AEMT level. An EMT completing a Specialist/AEMT course may be awarded all the required continuing education credits for the EMT level.

Credits that Need Department Approval PRIOR to Renewal

- Continuing education credit may be awarded for CE Programs approved by the Michigan boards of Medicine, Osteopathic Medicine, Nursing, or Pharmacy toward your EMS license if directly related to the EMS scope of practice, as determined by the Department.
- Continuing education credits may be awarded for academic credits related to EMS. Refer to Administrative Rule 22326(7) and (8) for more specific detail.
- Continuing education credits may be awarded for programs offered by out-of-state or military-sponsored EMS agencies.

These credits need Department approval prior to renewal. Please send your requests to Terrie Godde, State EMS Education Coordinator for approval: MDHHS-EMSED@michigan.gov.

Conversion Document for various CE topics

Category	Possible Topics	Level
Preparatory	A&P, Communicable Disease, Injury Prevention, Patient Handling, IV Therapy, Pharmacology, Medical-Legal, Stress Management	MFR/EMR- minus IV Therapy EMT- minus IV Therapy Specialist/AEMT-All Paramedic-All
