The CON review standards applicable to the review of the proposed project, as described on the Letter of Intent, follow immediately after this form.

Following each set of review standards applicable to this project, provide a specific response to each section of the standard as well as provide any required documentation.

Section 1 (Applicability) and Section 2 (Definitions) of the standards provide information regarding the standards: no response is required. Applicants must respond to all other sections following sections 1 and 2. If a standard does not apply to the project, so indicate and provide a brief statement explaining the rationale for making that conclusion.

The Department of Health & Human Services is an equal opportunity employer, services and programs provider.
