Blood Glucose Monitoring Equipment and Supplies

Quantity limits for lancets, blood glucose test strips/reagent test strips, and urine test/reagent strips/tablets are based upon insulin-treated or non-insulin-treated diabetes. Changes to quantity limitations for diabetic testing supplies is addressed in Policy Bulletin [MSA 14-44](#) effective 11-1-2014 and [MSA 15-44](#) (Revision to MSA 14-44) effective for dates of services provided on or after 5-1-2015.
