Dear Ms. Donohue and Mr. LaMacchia:

Announcement of New Manager in Local Agency Programs

The Michigan Department of Transportation (MDOT) is pleased to announce the appointment of Mrs. Tracie Leix, P.E., as manager of the Local Agency Programs Section. Tracie has been employed with MDOT for ten years. She received her Bachelor of Science in Civil Engineering from Michigan Tech University in 2002 and is a registered engineer.

Tracie started her career with MDOT as a transportation engineer for the Safety Programs Unit in the Local Safety Initiative and most recently served as the Unit Manager. She has focused on improving safety on the statewide system and building positive working relationships with local agencies, Local Technical Assistance Program, County Road Association of Michigan, Federal Highway Administration, as well as numerous people throughout MDOT.

We are confident Tracie will excel as manager of this section. She succeeds Larry Doyle, P.E., who has been promoted to manager of the Davison Transportation Service Center. Please do not hesitate to contact Tracie with questions or concerns regarding local agency projects. She can be reached at 517-335-2233 or LeixT@michigan.gov.

Sincerely,

Matthew W. DeLong, Administrator
Development Services Division
