

DATE: February 25, 2014

TO: Jerry Jung, Chairman
State Transportation Commission

FROM: Kirk T. Steudle
Director

SUBJECT: Request for Waiver of Commission Approval of Contract

Michigan Department of Transportation (MDOT) is requesting approval of the project documented in Exhibit A prior to the March 30, 2014, State Transportation Commission (STC) meeting. Exhibit A, attached, documents a project and description in the final negotiation stage of the Construction Manager/General Contractor process. This project requires pre-approval as the current estimate is over \$500,000. The approximate three week delay resulting if Commission approval were deferred to the March 30, 2014, Commission meeting would delay the transmittal of the contract documents, and could jeopardize the construction schedule for this project. This item is contingent upon AG and OCA approval.

The projects and descriptions documented in Exhibit A-1, attached, are scheduled to be let by the Michigan Department of Transportation on April 4, 2014. These projects require pre-approval as the engineers' estimates are over \$500,000. The approximate one month delay resulting if Commission approval were deferred to the March 20, 2014, Commission meeting would delay the transmittal of the contract documents to the low bidders, and could jeopardize the construction schedules for these projects.

The projects and descriptions documented in Exhibit A-2, attached, were let by the Michigan Department of Transportation on February 7, and February 21, 2014. These projects required pre-approval as the engineer's estimate was over \$500,000, however the low bids received were more than 10% over the engineer's estimate and therefore require approval by the State Transportation Commission. The approximate one month delay resulting if Commission approval were deferred to the March 20 2014, Commission meeting would delay the transmittal of the contract documents to the low bidders, and could jeopardize the construction schedules for these projects.

The projects and descriptions documented on Exhibit A-3, attached, were let by the Michigan Department of Transportation on February 7, 2014. These projects are being resubmitted for information only as the department received only one responsive bid.

The projects and descriptions documented on Exhibit A-4, attached, were let by the Michigan Department of Transportation on February 21, 2014. They did not receive pre-approval due to the timing of advertisement and the January 23, 2014, Commission Meeting. The projects had engineers' estimates over \$500,000 which requires approval from the Commission. The approximate one month delay resulting if Commission approval were deferred to the March 20, 2014, Commission meeting would delay the transmittal of the contract documents to the low bidders, and could jeopardize the construction schedules for these projects.

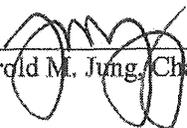

Commission Resolution 79-3, as amended, provides in footnote F:

“If, in the opinion of the Director, the public interest requires that a certain contract be awarded or an agreement be executed prior to approval by the Commission, hereunder, the Director shall seek a waiver of the required approval from the Chairman of the Transportation Commission. If the request of the approval is verbal, the waiver shall be confirmed, in writing, within fourteen(14) days.”

If the waiver is granted, the Department will proceed to execute the contract.

for Director

The request for waiver of Commission approval of the above mentioned contract is approved.

Jerrold M. Jung, Chairman

February 25, 2014
Date

REQUEST FOR MICHIGAN STATE TRANSPORTATION
COMMISSION APPROVAL

CONTRACTS

February 25, 2014

The following contract is being submitted for approval. The appropriate documents will be approved by the Attorney General and comply with all legal and fiscal requirements prior to award.

CONTRACT

1. HIGHWAYS – Engineering and Construction Services

MDOT will enter into a contract that will provide for design and construction services to be performed for roadway improvements on Sunset Drive, Central Avenue, Loiter Way, Picnic Way, the Strand, Casino Way, and Fountain Drive on Belle Isle in the City of Detroit, Wayne County (CS 82900 – JN 123127A). The work will include design services, earthwork, pavement removal, hot mix asphalt pavement work, concrete pavement work, and restoration work. The vendor will be selected based on qualifications. The contract will be in effect from the date of award through May 31, 2015. The contract amount will not exceed \$4,000,000. Source of Funds: 100% State Roads and Risk Reserve Funds.

Upon receipt of your approval, the contract and agreements will be processed for award. Subject to the exercise of the discretion in the processing, I approve the contract described in this agenda and authorize the award by the responsible management staff of MDOT to the extent authorized by and in accordance with the December 14, 1983, resolution of the State Transportation Commission and the Director's delegation memorandum of October 7, 2013.

Respectfully submitted,

 Kirk T. Steudle
Director

REQUEST FOR MICHIGAN STATE TRANSPORTATION
COMMISSION APPROVAL

BID LETTING PRE-APPROVAL

February 25, 2014

The following contracts are being submitted for approval.
