

**RFQ for the I-75 under US-10 Bridge  
Replacement DB Project  
Bay Region, Bay County  
JN 122868 – CS 09034**

**Q&A #3  
7/23/2014**

**Question 1:** In reading the RFQ, it is my understanding that the prime contractor needs to sign the conflict of interest form (Attachment D). Attachment D is set up for signature the prime contractor only. Do you also need the lead design consultant and sub consultants to submit 5100D forms in addition to the signed Attachment D by the prime contractor.

**Answer 1:** Attachment D requires the prime contractor to certify the conflict of interest statement for all its team members and its Affiliates. Individual 5100D forms are not requested.
