Q: What is the scale of Attachment A?

A: The document has been scanned and manipulated numerous times. Therefore, no valid scale is associated with it in the current form.

Q: Section 2.4 of the RFP mentions that additional information may be requested and provided on a compact disk. Is there any additional information available? If so, would it be possible to provide it by email due to the time constraints?

A: At this time, no additional information is available, nor is any anticipated. Should anything become available, it will be posted to the project website.
