Dear Mr. Niemela and Mr. Bach:

Subject: Additional Letting Scheduled for June 21, 2013

Due to the high volume of projects anticipated for June and July 2013, the Michigan Department of Transportation (MDOT) has scheduled an additional letting for June 21, 2013. The intent of the lettings is to provide local agencies the opportunity to start construction on their projects as soon as possible.

Based on the work on hand, MDOT anticipates that approximately 150 projects will be let during the three letting dates: June 7, 2013; June 21, 2013; and July 12, 2013. The projects will be assigned to a letting on a first come/first served basis. Projects submitted too late for the normal June letting will be pushed back to the late June or July letting.

We are hoping to have three balanced lettings, but it is possible that one of the lettings would contain more projects than the other two. Priority will be given to projects from agencies that have provided all required information to us by the earliest date. All projects will be advertised for a minimum of three weeks.

If you have further questions on this information, please contact Bruce Kadzban at (517) 335-2229 or kadzbanb@michigan.gov.

Sincerely,

Rudolph S. Cadena
Local Agency Programs Engineer
