## TF2 Transportation Funding Task Force

WORK ZONE AHEAD: PROCEED WITH VISION

The final report of the Transportation Funding Task Force is now available.

The Transportation Funding Task Force was created in response to Public Act 221 of 2007. The purpose of the Task Force is to "review the adequacy of surface transportation and aeronautics service provision and finance" in Michigan, review strategies for maximizing return on transportation investment, and evaluate the potential of alternative strategies to replace or supplement transportation taxes and fees. A major and consistent focus of the group has been the need to support economic activity and personal mobility.
