

## AERONAUTICS CONTRACT PACKAGE

Effective with the January 8, 2010, bid letting, MDOT is no longer sending certain documents with the contract packages. The items mailed to the confirmed low bidder will only include the contract cover letter, the streamlined contracts (contract cover page, contract signature page, contract unit prices, bonds, designated and specialty item/DBE requirement notice (if applicable), and the insurance requirements. The Michigan Department of Transportation Aeronautics-Airports Program Federal Requirements document is also sent and is for you to retain and insert into your executed contract.

The items listed below are documents and forms that you will need to print for your use. They can be located on the MDOT website at <http://www.michigan.gov/mdot>, under the category of "Favorite Links" then select "Contract Services." Click on Payments & Awards, then Aeronautics Contract Package. It is the responsibility of the prime contractor to provide all required documents to their subcontractors. Once the contract is awarded, the prime contractor will receive an executed original contract that contains the first two contract pages, contract unit prices, designated and specialty items page (if applicable), and contract bonds.

If you have difficulty accessing any of these documents or have any questions, please contact the Contract Awards Unit at (517) 335-2357, (517) 335-1926 or (517) 373-9966 for assistance. You may also contact the awards staff via email at [MDOT-Awards@michigan.gov](mailto:MDOT-Awards@michigan.gov).
