Bridge Operations Section

BRIDGE ADVISORY NUMBER: BA-2010-04

DATE: September 5, 2010

SUBJECT: Check Box - Hydraulic Part of the Scour Critical Bridge Action Plan Form is Complete

ISSUED BY: MDOT Bridge Operations Engineer

REVIEWED BY: MDOT Scour Critical Bridge Committee

Contact Information: David Juntunen, Bridge Operations Engineer, 517-322-5688 or juntunend@michigan.gov

As shown below, the check box, “Hydraulic part of the Scour Critical Bridge Action Plan form is complete” has been added to the top of the Scour Critical Bridge Action Plan form.

- Preparation and implementation of the Scour Critical Bridge Action Plan form is complete. [More Information](#)
 - Hydraulic part of the Scour Critical Bridge Action Plan form is complete.
-

This check box is used by MDOT to identify when the *Scour Evaluation Report, Executive Summary, Anticipated Surface Elevation, Distance below bottom chord, and Anticipated flow* values have been entered by MDOT’s hydraulics unit. Local agency bridge owners do not have to use this check box.

Please be aware of the difference between the “Hydraulic part of the Scour Critical Bridge Action Plan form is complete” check box and the “Preparation and implementation of the Scour Critical Bridge Action Plan form is complete” check box, which is required to be checked by all bridge owners once the form is complete as described in MDOT Bridge Advisory 2009-03.

BA 2009-03 is available on MDOT’s website at the following link:
