Whistleblower Posting Requirements for American Recovery and Reinvestment Act (ARRA) Projects

Section 1553 of Division A, Title XV of the ARRA of 2009, P.L. 115-5, requires signage regarding Whistleblower protections. This section of the Act provides protections for individuals who make specified disclosures relating to ARRA funds. Non-federal employers receiving recovery funds are required to post a notice of the rights and remedies provided under this section of the Act.

Following is a link to the Whistleblower poster that must be posted on all ARRA jobs:

<http://www.recovery.gov/sites/default/files/Whistleblower+Poster.pdf>

Post this with all the other required jobsite postings. Further information regarding Whistleblower protection is available at:

<http://www.recovery.gov/?q=content/whistleblower-information>

Delivery/resident/project engineers should discuss this requirement at the preconstruction meeting, and make sure the contractors are complying on all ARRA jobs.
