City _____ State _____ Zip Code _____ Phone Number _____

Please use the space below to provide your comments. If necessary, use additional pages. Please turn your comment form in at the Stakeholders meeting or if you prefer, you may email, mail, or fax your form (see below).

1. Among the five aesthetic themes presented, which do you prefer? (You can identify up to three preferred themes).

2. The study has identified four characteristic zones along the US-23 corridor corridor. In addition, the study identified five aesthetic themes to be applied along the corridor. Where would you like to see the themes applied along the corridor? You can indicate one theme for the entire corridor or you can identify as many themes as there are zones. Please select no more than three possible choices.

Additional Comments:

If possible, please return this before you leave. If not, please mail it to:
