### **Questions & Answers #1**

Q: Would it be possible to have the Design Geotechnical: Advanced prequalification listed as a secondary category rather than a requirement of the Lead Engineering Design firm?

A: Yes. The Design Geotechnical: Advanced prequalification will be revised to be listed as a secondary design prequalification requirement. An amendment will be forthcoming.

Q: Do you think MDOT could consider delaying the SOQ due date due to larger projects bidding in the November 4<sup>th</sup> and November 5<sup>th</sup> lettings?

A: Yes. The revised SOQ due date is November 17, 2016. An amendment will be forthcoming.
