

OFFICE MEMORANDUM

DATE: February 21, 2012

TO: Region Engineers
Region Associate Operations Engineers
Region Construction Engineers
TSC Managers
TSC Construction Engineers

FROM: Gregory C. Johnson, P.E.
Chief Operations Officer

Randy R. Van Portfliet, P.E.
Bureau Director of Field Services

SUBJECT: Bureau of Highway Instructional Memorandum 2012-01
Revised Life Cycle Cost Analysis Process

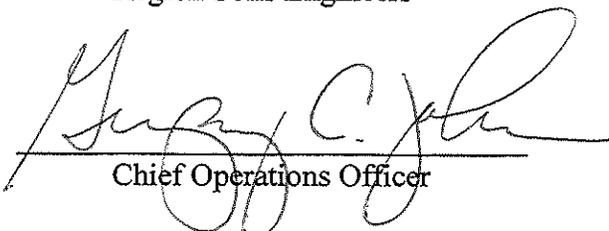

The revised Life Cycle Cost Analysis (LCCA) process for pavement type selection was approved by the Engineering Operations Committee on February 9, 2012. The changes are in accordance with the recently completed LCCA Technical Agenda.

Printed copies of the revised Pavement Design and Selection Manual will not be published but will be available in pdf at http://www.michigan.gov/mdot/0,4616,7-151-9622_11044_11367---,00.html in place of the March 2005 version.

The revised Life Cycle Cost Analysis Request, Form 1966 (fillable), will be posted on connectMDOT in place of the April 2010 version.

Internal training webinars will be scheduled to discuss the major changes. It is anticipated that at least two dates will be offered. At a minimum, the positions listed below within MDOT will be notified of dates and times. If there are additional people who should be notified, please inform Pat Schafer by Friday, March 9, 2012, or forward the notification.

- Region Engineers
- Region System Managers (Development)
- Associate Region Engineers (Delivery/Construction)
- TSC Managers
- Region Pavement Engineers
- Region Soils Engineers
