All questions below are presented as submitted to MDOT Research

Q1: I'm trying to prepare this form as part of a response to a proposal. However, for some reason I cannot edit the lines at the top titled:

- Project Title
- Research Organization
- Project Duration

It seems that I should be able to edit these lines prior to submission. Am I missing something?

A: Please use the attached budget form. If it still does not work, you may leave those fields blank.
