Monitoring Highway Assets with Remote Technology*

Questions/Answers #3: February 10, 2011

All questions below are presented as submitted to MDOT Research

- Q1: Can you please identify whether flow-through dollars are attached to this project - ie. is the funding for this project originating with the federal government?
- A: This is a Statewide Planning and Research (SPR), Part II Program project. Proposed funding is as follows:
- o 20% of the funds for this project are proposed to come from state of Michigan transportation funds
 - o 80% are proposed to come from Federal Highway Administration Statewide Planning and Research part II funds
