

**State Aircraft Fleet Study Requisition QA 1 Requisition #788
12/9/2011**

Q. How many & what type of aircraft does each of the three departments operate now?

A.

Year	Manufacturer	Model	Description	Department
2000	Bell	430	Twin turbine engine helicopter	MSP
1990	Bell	206L-3	Single turbine engine helicopter	MSP
1982	Cessna	182R	Single piston engine fixed wing airplane	MSP
1999	Beechcraft	B200	Twin turbine engine 9 passenger airplane	MDOT
1994	Beechcraft	Baron 58	Twin piston engine 5 passenger airplane	MDOT
1985	Beechcraft	Baron 58	Twin piston engine 5 passenger airplane	MDOT
1982	Beechcraft	B200	Twin turbine engine 9 passenger airplane	MDOT
1982	Cessna	U206G	Single piston engine fixed wing airplane	MDOT
2002	Cessna	182S	Single piston engine fixed wing airplane	DNR
1979	Cessna	182Q	Single piston engine fixed wing airplane	DNR
1979	Cessna	182Q	Single piston engine fixed wing airplane	DNR
1978	Beechcraft	A36 Bonanza	Single piston engine fixed wing airplane	DNR
1977	Cessna	172N	Single piston engine fixed wing airplane	DNR
1976	Cessna	182	Single piston engine fixed wing airplane	DNR
1975	Cessna	182P	Single piston engine fixed wing airplane	DNR

Q. Do you foresee any need to travel to any other locations besides Lansing? (to see operating bases, etc.)

A. Travel to locations other than Lansing is not anticipated. Selected contractor would not be restricted from traveling to other locations.

Q. Was the 2005 study done in-house like the 2000 study, or was it contracted to a consultant (and if to a consultant, who)?

A. Previous studies were conducted in-house.
