

**Full CE Services for Multiple Construction Projects in Wayne County
REQ #1103
QA1
1/11/2013**

Q1. Are there plans and proposals available at the TSC for review for the various job numbers associated with requisition number 1103? We would like to visit the TSC and review any documents that may be available such that we can provide the best responses to the recent RFP's.

A1. Not all plans are available at this time for viewing. However, the plans that are available can be reviewed by interested consultants by appointment only. Please send an email to the MDOT project manager to schedule an appointment.
