

Construction Services for as needed final estimate reviews QA2
Requisition 2021
7/6/2016

- Q1. Item F. of the Services section states that all reviews are conducted at the office the project was administered from or an alternate location approved by the Project Manager. We are a firm located in the Detroit area. Is it reasonable to assume that travel to the offices that these projects were administered at is mandatory and that these reviews would not be able to be performed from our Detroit office?
- A1. It is reasonable to assume that travelling to the offices that these projects were administered is mandatory at this time. In addition, we typically try to schedule more than one review at a time.
- Q2. Are follow up reviews to be included in the approximate 10 man hours anticipated to complete a review and clean-up?
- A2. The 10 man hours includes follow up reviews, which usually will not require travelling to the project office.
- Q3. Are field visits to the project sites anticipated or expected?
- A3. Field visits to the project site are not expected to be included in the scope of services.
