Inspection and Testing for Kalamazoo TSC

**Question 1:** I notice Past Performance is not checked on the Checklist and just wanted to confirm that is not required. I also notice on the Proposal Submittal Form the box is not checked to send a stapled copy to the Lansing Office. We normally send the Lansing Office a copy and just wanted to confirm that is not required for this proposal?

**Answer 1:** **These were both clerical errors, and past performance should have been checked because that is required for all selections and a stapled copy does need to be sent to the Lansing Office. The RFP has been updated to include these modifications.**
