

Requisition Number: 1794

As-needed small business design for 8 bridges within the limits of the I-94 Modernization Project in Detroit.

QA1

6/17/2015

Question: Form 5100B of the RFP lists this as a Tier III project, however the RFP also states that “Only projects below \$150k can be deemed eligible as SBP Consultant projects”. Wouldn’t a project under \$150,000 be considered a Tier I project?

Answer: As part of the single RFP, MDOT will be selecting up to 8 separate consultants to perform design support work on the 8 bridges along the I-94 Modernization Project corridor.

Each selection will be a separate contract worth less than \$150,000. The Tier classification is determined by the total RFP selection amount covered by the single RFP, hence: 8 contracts x \$150,000 = \$1,200,000 which is considered a Tier III selection.

Please see the attached updated Form 5100B and the associated sheet entitled “ADDITIONAL PROPOSAL INFORMATION TO BE SCORED” for more information. Note that the proposal item requirement of “Quality Assurance/Quality Control has been removed from the updated Form 5100B.
