(Q) Are there any scoping documents or comparable information available for review for Req #1806:M-60 JN 120275 & 120277?

(A) The project scoping document has been placed in the project folder on MDOT's ftp site. Refer to folder 'JN 120275-120277 M-60'. The scoping document also includes information for the section of M-60 from Chapel Road to the Calhoun/Jackson County Line, which was built in 2013.
