

**ITS Infrastructure and Network Services QA1
Requisition 1930
3/15/2016**

1. Each of the three bid tabulation Payment Item sheets has an item of work #14 "Solarwinds License Renewal" with a unit of each and a quantity of 1. Attachment B "Description of a number of pay items and other contract items" includes a section for "Maintain Solarwinds & Solarwinds License Renewal that indicates that "The following license renewals will also be included and paid by the renewal date of May 10 unless otherwise instructed by MDOT:"

NPM \$4,995.00
NCM \$1,499.00
IPAM \$799.00
NTA \$2,999.00
Three Toolsets \$1,185.00

Should each bidder include this \$11,477.00 total cost in the "Price/Unit" section for work items #14 of each of the bid tabulation payment item sheets? **Yes, the "Price/Unit" for the Solarwinds License Renewal should be \$11,477.00.**

2. Should each bidder input a quantity of "1" into the "Price/Unit" section of each of the bid tabulation payment item sheets for each "Dollar" unit payment item so that the total price for each equals the item of work quantity? In the past MDOT has included the qty of 1 and the total price in the bid tabulation sheets. **Correct, any "Item of Work" that has a "Unit" of "Dollar" should be bid with a "Price/Unit" of one (1).**

3. Since a comprehensive preventative maintenance plan is required as part of the proposal response, will MDOT allow this plan to be excluded from the 14 page proposal limit and allow it to be included as an attachment to the proposal? **Yes, the comprehensive preventative maintenance plan can be submitted as an attachment to the proposal.**
