

Road Design Survey Services in Macomb and St. Clair Counties REQ# 556 QA3

3/2/2011

- Q.) Are all structures required or just structures within the limits of the mapping, being 15 feet beyond the right of way, as some of the structures may be considerably further from the right of way. This is from page 9 of 35.
- A.) **All structures are required. The mapping limits may be 15 feet but drives are up to at least 150 feet. If the structure / building is beyond that limit then noting the type is all that is required.**
