

Design Services for Freeway Lighting Replacement
Req. #585, I-94 Freeway Lighting Design
4/11/2011

Q(1) We would like to please confirm the checkbox selections on Form 5100B. Is it correct that you do not want an understanding for this submittal?

A(1) Correct.

Q(2) Can you please clarify if :

1. This project will replace lighting in the project area?
 - a. on the ramps
 - b. on the service drives

2. This project will maintain the mainline lighting in the center median wall?

A(2) The intent is to upgrade all the MDOT lighting within the project limits. However, the service drives are not part of MDOT's system and will not be upgraded.

We would like the Consultant to explore alternatives to placing lighting in the median wall.
