

Early Preliminary Engineering Design Services for Roadway Scoping QA1 Requisition # 837
2/9/12

Q: If there is existing mobile lidar data that was recently collected adhering to MDOT specifications, do you have a problem with utilizing this data to perform the minor pickup outlined in the RFP as mobile lidar has now been accepted by the MDOT Design Survey Unit and is being categorized under the Road Design Survey Prequalification?

A: No, I don't have any problem utilizing this data
