

**MI Travel Counts III Statewide Household Travel Survey and SEMCOG Travel Counts
2015 Household Travel Survey - Requisition #1487**

**Q&A #6
05/13/14**

Q1. The RFP indicates that while the page limit for this submittal has been waived, the 5 megabyte file size restriction remains. Also, it is clear from the RFP that submittals must be assembled as a single PDF file, which must include MDOT's required cost forms derived from the Excel template provided. Given the number of pages required for the cost documentation alone, we anticipate that there may be some difficulty meeting the 5 megabyte restriction, even with file compression. For this reason, would MDOT be amenable to permitting an increase in the file size restriction for submittals, perhaps to 10 megabytes?

A1. If file size is of concern, the cost information may be submitted separately from the proposal. This can be done by sending a second email to MDOT-RFP-Response@michigan.gov with the subject Req#1487_CompanyName_bidsheet. The cost proposal PDF should be named Requisition#1487_CompanyName_bidsheet.PDF.

Q2. On a related note, the PDF that is sent to MDOT will likely be a compressed file to permit e-mail transmission. Compression, of course, degrades image quality and overall document resolution. Is MDOT open to the possibility of receiving a non-compressed version of the submittal (perhaps via mail on a thumb drive or CD) in addition to the e-mail submittal?

A2. To ensure uniformity across submissions, all proposal material must be submitted electronically.
