

**FHWA Pilot Study on Climate Vulnerability QA1
REQ 1304
8/2/2013**

Q: Can you please tell me the due date?

A: The RFP is posted for three weeks, all proposals must be received by August 19th.

Q: {Can you}share with me your vendor list that this announcement went out to?

A: There was not a list of vendors that received this announcement.

Q: We believe the following language means that the RFP is open only to single organizations, not to partnerships or teams of multiple organization. Is this interpretation correct?

A: It is not our intention that this proposal should exclude sub-contractors. We will look at the RFP to see if it needs to be revised.
