

**As-Needed Bridge Load Rating Services for Engineering Analysis REQ 331  
QA1**

**Q:** On Page 4, Section C of Consultant Responsibilities, the RFP states that the Consultant will compare the BSIR and SI&A forms for consistency and that you will locate any incomplete plan sets or missing information. Based on this statement, is it necessary to add to our organizational chart “Field Inspection (If Required)” or will any field verification be done by MDOT?

**A:** All field verification will be performed by MDOT.
