

STRUCTURAL FABRICATION INSPECTION SERVICES QA1

REQ 937

6/11/2012

Q1: The Scoring evaluation criteria sections (detailed in the Scope of Services- page 7 of 49) are different than the proposal requirements listed on the Checklist To Designate Areas of Evaluation for Requests for Proposal and the Required Bookmarking Format. Which should we follow? Which sections should be included (for evaluation) in our proposal?

A1: Please provide all of the information requested in both Form 5100B (Checklist to Designate Areas of Evaluation for Requests for Proposal) and the Scoring criteria as stated in the Scope of Services (pages 7 and 8 of 49).

Q2: On the bid sheet, respondents are asked to provide a Total Bid Price. However, there are no quantity (Units) listed. Please advise as to how the Total Bid Price should be calculated.

A2: A quantity of unity is to be used for each stated hourly rate pay categories (all categories except Testing Services) for determining the Total Bid Price. There are a total of 7 hourly pay categories.

Q3: Please confirm that Michigan Certified Aggregate Technician Endorsements A & B; Michigan Concrete Association Level I Field Testing Technician are required for this contract.

A3: Yes, they are required for this contract.
