The Michigan Department of Transportation (MDOT) is seeking professional services for the project contained in the attached scope of services.

If your firm is interested in providing services, please indicate your interest by submitting a Proposal, Proposal/Bid Sheet or Bid Sheet as indicated below. The documents must be submitted in accordance with the latest "Consultant/Vendor Selection Guidelines for Service Contracts" and "Guideline for Completing a Low Bid Sheet(s)", if a low bid is involved as part of the selection process. **Referenced Guidelines are available on MDOT's website under Doing Business > Vendor/Consultant Services > Vendor/Consultant Selections.**

RFP SPECIFIC INFORMATION

BUREAU OF HIGHWAYS

BUREAU OF TRANSPORTATION PLANNING **

OTHER

THE SERVICE WAS POSTED ON THE ANTICIPATED QUARTERLY REQUESTS FOR PROPOSALS

NO

YES

DATED _____

THROUGH _____

Prequalified Services – See page ___ of the attached Scope of Services for required Prequalification Classifications.

Non-Prequalified Services - If selected, the vendor must make sure that current financial information, including labor rates, overhead computations, and financial statements, if overhead is not audited, is on file with MDOT's Office of Commission Audits. This information must be on file for the prime vendor and all sub vendors so that the contract will not be delayed. **(Form 5100J Required with Proposal)**

Qualifications Based Selection – Use Consultant/Vendor Selection Guidelines

For all Qualifications Based Selections, the section team will review the information submitted and will select the firm considered most qualified to perform the services based on the proposals. The selected vendor will be contacted to confirm capacity. Upon confirmation, that firm will be asked to prepare a priced proposal. Negotiations will be conducted with the firm selected.

****For RFP's that originate in Bureau of Transportation Planning only**, a priced proposal must be submitted at the same time as, but separate from, the proposal. Submit directly to the Contract Administrator/Selection Specialist, Bureau of Transportation Planning **(see address list, page 2)**. The priced proposal must be submitted in a sealed envelope, clearly marked **"PRICE PROPOSAL."** The vendor's name and return address **MUST** be on the front of the envelope. The priced proposal will only be opened for the highest scoring proposal. Unopened priced proposals will be returned to the unselected vendor(s). Failure to comply with this procedure may result in your priced proposal being opened erroneously by the mail room.

For a cost plus fixed fee contract, the selected vendor must have a cost accounting system to support a cost plus fixed fee contract. This type of system has a job-order cost accounting system for the recording and accumulation of costs incurred under its contracts. Each project is assigned a job number so that costs may be segregated and accumulated in the vendor's job-order accounting system.

Qualifications Review / Low Bid - Use Consultant/Vendor Selection Guidelines. See Bid Sheet Instructions for additional information.

For Qualification Review/Low Bid selections, the selection team will review the proposals submitted and post the date of the bid opening on the MDOT website. The notification will be posted at least two business days prior to the bid opening. Only bids from vendors that meet proposal requirements will be opened. The vendor with the lowest bid will be selected. The selected vendor may be contacted to confirm capacity.

Best Value - Use Consultant/Vendor Selection Guidelines. See Bid Sheet Instructions below for additional information. The bid amount is a component of the total proposal score, not the determining factor of the selection.

Low Bid (no qualifications review required - no proposal required.) See Bid Sheet Instructions below for additional instructions.

BID SHEET INSTRUCTIONS

A bid sheet(s) must be submitted in accordance with the "Guideline for Completing a Low Bid Sheet(s)" (available on MDOT's website). The Bid Sheet(s) is located at the end of the Scope of Services. Submit bid sheet(s) separate from the proposal, to the address indicated below. The bid sheet(s) must be submitted in a sealed manila envelope, clearly marked **"SEALED BID."** The vendor's name and return address **MUST** be on the front of the envelope. Failure to comply with this procedure may result in your bid being opened erroneously by the mail room and the bid being rejected from consideration.

GENERAL INFORMATION

Any questions relative to the scope of services must be submitted by e-mail to the MDOT Project Manager. Questions must be received by the Project Manager at least four (4) working days prior to the due date and time specified above. All questions and answers will be placed on the MDOT website as soon as possible after receipt of the questions, and at least three (3) days prior to the RFP due date deadline. The names of vendors submitting questions will not be disclosed.

MDOT is an equal opportunity employer and MDOT DBE firms are encouraged to apply. The participating DBE firm, as currently certified by MDOT’s Office of Equal Opportunity, shall be listed in the Proposal

The following two American Recovery and Reinvestment Act of 2009 (ARRA) notifications, **ARRA MONTHLY EMPLOYMENT REPORTS** and **REQUIRED CONTRACT PROVISIONS TO IMPLEMENT AMERICAN RECOVERY AND REINVESTMENT ACT (ARRA) SECTIONS 902 AND 1515**, are attached to this Request For Proposal for your understanding. These two notifications are only applicable for those projects/contracts funded with ARRA funds and will be included in contract Exhibits.

MDOT FORMS REQUIRED AS PART OF PROPOSAL SUBMISSION

- 5100D** – Request for Proposal Cover Sheet
- 5100G** – Certification of Availability of Key Personnel
- 5100I** – Conflict of Interest Statement
- 5100J** - Consultant Data and Signature Sheet (Required only for Non-Prequalified Work)

(These forms are not included in the proposal maximum page count.)

Michigan Department of Transportation

**SCOPE OF SERVICE
FOR
AS NEEDED TRAFFIC & SAFETY SERVICES
Traffic Signal Design**

CONTROL SECTION: 84900

JOB NUMBER: 113178C

PROJECT LOCATION: Statewide

DESCRIPTION OF WORK:

Provide experienced personnel(s) on an “as-needed basis” for traffic signal design office work. This work includes assisting in development/review of traffic signal details and special provisions to be included with contract package, provide plan review of traffic signal plans prepared by consultant(s) and MDOT personnel and assisting in the preparation of traffic signal contracting packages for construction letting, if necessary. This work also includes providing all necessary proposal paperwork to the Specification and Estimates Unit in MDOT.

It is estimated that this position will provide services for maximum of 1600 total hours over the 24 months (2 years) length of the project. The estimated amount of time per week will vary based on meeting schedule demands of plan review and contract letting of the annual Traffic Signal program.

Overtime will not be necessary for these services. It is the intent of this solicitation to select up to two consultant firms. All work assists the Signal Design engineer in the Signal Operation Section, Division of Operations in Lansing.

PRIMARY PREQUALIFICATION CLASSIFICATION(S):

Traffic Signal Design

SECONDARY PREQUALIFICATION CLASSIFICATION(S):

None

ANTICIPATED SERVICE START DATE: May 30, 2011

ANTICIPATED SERVICE COMPLETION DATE: May 30, 2013

MDOT PROJECT MANAGER:

Paula Corlett, P.E.
Engineer Manager
Signal Operation Section
Division of Operation
Michigan Department of Transportation
Murray D. Van Wagoner Building
P.O. Box 30050
Lansing, MI 48909
Phone: 517-373-2324
Fax: 517-373-2330
E-mail: corlettp@michigan.gov

DBE REQUIREMENT: N/A

GENERAL INFORMATION:

1. Thorough knowledge and experience with MDOT specifications and details in order to verify design plans meet requirements of proposed operation. Complete understanding of all plans, plan details, wiring, controller and correct materials for a correct installation
2. Knowledge and experience using MDOT's TRANSPORT program in conveying cost information for letting, the proper clearances required by Specs and Estimates, and applicable details and specifications to be included in the package.
3. Thorough knowledge of all hardware and traffic signal equipment used by MDOT and maintaining agencies in order that plan review of traffic signal plans prepared by in-house and consultants can be reviewed for completeness and correctness. Ability to document all deficiencies and convey those needed changes to the appropriate personnel to be corrected on plans.

The work will require selected consultant(s) to spend time at the Lansing office of the Signal Operation Section in order that packaging of plans can be completed.

CONSULTANT RESPONSIBILITIES:

The MDOT Project Manager (or designee-Signal Design Engineer) will be the point of contact when determining need for Consultant personnel to aid MDOT in providing services for state jurisdictional work. Consultant shall furnish all services and labor necessary to conduct and complete the work, described herein. The Consultant shall also furnish all materials, equipment, supplies, and incidentals necessary to perform the Services (other than those designated in writing to be furnished by the Department) consistent in supplying this work. The services shall be performed to the satisfaction of the Department consistent with applicable professional standards.

- A. The Consultant's principal contact with the Department shall be through the designated Project Manager. In this case, the Signal Design Engineer will be first point of contact with Consultant personnel when determining need for services.
- B. The Services described herein are financed with public funds. The Consultant shall comply with all Federal and State laws, rules, and regulations.
- C. The Consultant shall notify the Project Engineer Manager, in writing, prior to any personnel changes from those specified in the Consultant's original approved proposal. Any personnel substitutions are subject to review and approval of the project Engineer Manager.
- D. The Consultant shall provide, to the satisfaction of the Department, services as mentioned above.
- E. The Consultant shall provide the necessary personnel to adequately perform the requirements of this scope of service, and that his/her employees will possess the experience, knowledge, and character to qualify them for the particular duties each is to perform.

The Consultant shall provide a written Monthly Progress Report to MDOT project manager detailing hourly charges.

MDOT RESPONSIBILITIES:

MDOT will provide an office (when necessary) and appropriate computer equipment (software and hardware) on-site at the Signal Operation Section office for Consultant personnel to use during time of Consultant Service.

CONSULTANT PAYMENT – Actual Cost Plus Fixed Fee:

Compensation for this project shall be on an **actual cost plus fixed fee** basis. This basis of payment typically includes an estimate of labor hours by classification or employee, hourly labor rates, applied overhead, other direct costs, subconsultant costs, and applied fixed fee.

All billings for services must be directed to the Department and follow the current guidelines. The latest copy of the "Professional Engineering Service Reimbursement Guidelines for Bureau of Highways" is available on MDOT's website. This document contains instructions and forms that must be followed and used for billing. Payment may be delayed or decreased if the instructions are not followed.

Payment to the Consultant for services rendered shall not exceed the maximum amount unless an increase is approved in accordance with the contract with the Consultant. Typically, billings must be submitted within 60 days after the completion of services for the current billing. The final billing must be received within 60 days of the completion of services. Refer to your contract for your specific contract terms.

Direct expenses, if applicable, will not be paid in excess of that allowed by the Department for its own employees in accordance with the State of Michigan's Standardized Travel Regulations. Supporting documentation must be submitted with the billing for all eligible expenses on the project in accordance with the Reimbursement Guidelines. The only hours that will be considered allowable charges for this contract are those that are directly attributable to the activities of this project.

The use of overtime hours is not acceptable unless prior written approval is granted by the MDOT Region Engineer/Bureau Director and the MDOT Project Manager. Reimbursement for overtime hours that are allowed will be limited to time spent on this project in excess of forty hours per person per week. Any variations to this rule should be included in the priced proposal submitted by the Consultant and must have prior written approval by the MDOT Region Engineer/Bureau Director and the MDOT Project Manager.

The fixed fee for profit allowed for this project is 11.0% of the cost of direct labor and overhead.

The hours provided are only an estimate. The Consultant will be reimbursed a proportionate share of the fixed fee based on the portion of the authorized total hours in which services have been provided to the Department. Fixed fee on "as needed" projects is computed by taking the percent of actual labor hours billed to labor hours authorized, then applying that percentage to the total fixed fee authorized.
