Question 1: There are three forms referenced in the RFR: 5100D Request for Proposal Cover Sheet; 5100G Certification of Availability of Key Personnel; 5100I Conflict of Interest Statement. Can you provide a link to these forms?

Answer 1: The three forms referenced above are available on the Michigan Department of Transportation webpage at http://michigan.gov/mdot/0,1607,7-151-9625_21540---,00.html. They are located directly below the heading, “Vendor/Consultant Selections.”

Question 2: When we first accessed the link, there was a page that had budgeted amounts and page limits. That page is not appearing in the new link. Is it possible to obtain a copy of the pre 1/7/09 posting?

Answer 2: This selection will not be using the standard scoring criteria contained on Form 5100B. The scoring criteria for this selection is referenced in the scope beginning on Page 3. This is still a Tier II selection, and you should try to stay within the page limitations for a Tier II selection, which is seven pages (MDOT forms are not counted).
